enzie guardrail

You won't have to be fearful of falling down the opening in your ceiling whilst up in the roof space when you use the **enzie** guard-rail.

SAFE:

The guardrail is 900 mm high and is fitted with a handrail that offers assistance for getting on and off your ladder.

ATTRACTIVE:

Available in both aluminium and pine.

EASY TO INSTALL:

Kit includes pre-drilled, pre-cut components complete with hardware and ready for easy install.
